

# Young People and Christian Worship:

*Experiences, Stories and Values*

1. Share a story about a **memorable experience** of a worship service. It might have been a good experience or a bad experience. Remember that worship services happen in many different forms and places, such as at school, camp, family events, and holidays in addition to Sunday at church.
2. Think about a time when you **attended a worship service in a community that was new to you**. What stood out to you as different about that service from worship in your community? Maybe you were visiting a friend or family member, or maybe you were on vacation or it was a special occasion.
3. In your wildest dreams, **what would the best worship service ever be like?** It might be very different from anyone else. It might be very different from anything you have experienced before.
